

Make a Child Smile

All of us at Journeys of the Heart wish you the best this holiday season. As we enjoy all the joy and abundance of the season with our families we hope you will help us in remembering those children who are not yet home, who may never come home, but who need your generosity.

All year long Journeys reaches out to poor children in Guatemala, China, India, Taiwan, Republic of Marshall Islands and in the US. Our latest project in Oregon is to purchase books for needy children who are not yet in school with distribution through a local social service agency. In Taiwan, we plan to fund a program to provide school lunches for children whose families cannot afford them. In Guatemala, we will once again support the scholarship fund for the selected children of five poor villages who are chosen for their potential to use their education to help their village.

We encourage you to give what you can for Journeys general fund or for one of our projects, perhaps in your child's country of origin or whatever country tugs at your heartstrings. This is a great charitable deal because 100% of your dollars go directly to the fund of your choice without any administrative costs. Journeys distributes the funds or the goods while traveling to the country on other agency business.

Happiness comes from doing for others – join us in the complete joy in helping the children.

Best Wishes,
Susan and David

PS. We want to thank those of you that have sent cards and pictures during the season – it warms our hearts to see your families!

Yes please accept my donations of \$ _____ to the Journeys of the Heart Adoption Services general fund. Please send my receipt to:
