

## **Journeys of the Heart China Special Needs Program**

Journeys of the Heart is fortunate to be one of the few adoption agencies accredited by the China Center of Adoption Affairs to place special need children. Due to our excellent relationship with CCAA, we have been able to place special need children since 1998.

This program is a very good choice for families who are open to a diversity of special needs, which range from minor medical issues, like cleft lip and palate, club foot, hemangiomas, Hepatitis B, etc. to moderate and severe medical problems like missing limbs, cerebral palsy, spina bifida, mental retardation, Down syndrome, etc.

The age of the children is between 1 year old to 13 years old, and the ratio boys to girls is approximately 3:1.

We are expecting the adoption to be finalized in approximately 1 year from the beginning of the process if family wishes to adopt a boy and approximately 1 ½ years for a family who wishes to adopt a girl.

According to CCAA regulations, a family can be matched with a child only if the "dossier" is registered with their office. There is an exception from this rule-the match can be made if the child was on the special need list for more than one month. The dossier must be sent to CCAA within 3 months from the match in order to keep the referral.

We will expertly guide you through the entire process and help you complete the dossier as fast as possible. Once the dossier (which is relatively easy to compile) is finalized, we will send it to China to be translated and be registered with China Center of Adoption Affairs; this process will take up to 3 weeks. CCAA will send us the registration number and the date of the registration.

After this, the referral can be made immediately if a child who matches the family's preferences is already listed. CCAA updates the special need list once a month, and families should expect a waiting time of 0-6 months to be matched, the longest waiting time being for young girls (1-2 years old) with minor special needs (cleft lip/palate, club foot, minor congenital heart diseases, etc)

After the match is made, expect up to 3-4 months for CCAA to send the documents that seek approval for this match (Letter of Seeking Confirmation From Adopter), and approximately 2 months until the trip to China.

**New referrals become available each month and it is from the new referral list that Journeys' staff are able to locate children with the minor special needs.**

**The children with more severe special needs are listed on our site under the password. If you would like to read about the children with severe special needs contact Gabriel at [Gabriel@journeysoftheheart.net](mailto:Gabriel@journeysoftheheart.net) for the password or call Journeys' home office (503) 681-3075 for more information.**
